

**Attending:**

**Apologies:**

**CYRC's:** There have been problems with online bookings. Bill to liaise with Mary G to resolve these. There was a general discussion regarding the developing tendency for competitors to "turn up on the day", or book at the last minute. This means clubs are unsure of the resources need to be put in place for meetings. Results: OD's need to ensure results reach Mary in good time to allow her to process them. Standard Race recording Sheets were proposed. There is a need to encourage youngsters to register before the event.

**Bill to put on next Agenda:** Open Forum discussion re CYRC funding for Clubs.

**Surfboards & Trailer:** Thanks were given to Phil Smith for sorting the trailer.

**Video Conferencing and Skype:** There is a need to establish a protocol to ensure the person speaking is heard.

**Dissemination of information to Clubs:** Is the correct person receiving the info, and are they passing it on? Need emails to Bill with the correct contact details.

**North Wales OnBoard Festival:** Thanks were given for a brilliant organisation by Bala SC.

A decision is needed as to whether this is to become an Annual event.  
Decision needed to decide where to hold the next one.

Is a Camping Facility really needed?

“Days Coaching” never works, noone turns up!

Clywedog tried a 3<sup>rd</sup> race on a Sun – no points, but experienced helms taking out others.

A “Ladies who Launch” Club/Group tried at Red Wharf SC – we need to encourage the Ladies – perhaps an awayday with an experienced lady Coach?

Need to ensure a prize for the “Best Lady Helm”.
